ABOUT US

NexoFab Industries Limited is a diversified infrastructure and manufacturing company headquartered in Indore, Madhya Pradesh. Incorporated in June 2025, we were founded on a simple belief — that a company should stand behind everything it builds, from the first drawing to years of after-sales service.

Our infrastructure division carries out **road construction** and builds **government buildings such as schools and hospitals**. Alongside it, we manufacture **packaged drinking water and PET bottles**, design and build **machines** — from photocopy machines to custom industrial equipment — and run a full **repair & maintenance** division.

In FY 2025-26, our first full financial year, NexoFab recorded a turnover of **₹40 crore**. With a growing order book in roads and government buildings, our proposed turnover for FY 2026-27 is **₹250 crore**.

DIRECTORS DESK

MR. GHANSHYAM PASTARIYA
DIRECTOR

Mr. Ghanshyam Pastariya

DIRECTOR

A driving force behind NexoFab's operations, Mr. Pastariya brings deep expertise in production, quality systems, and business growth. He has been central to the company's expansion into infrastructure, and to its growth from ₹40 crore towards a proposed ₹250 crore turnover.

MR. PRATEEM SINGH
DIRECTOR

Mr. Prateem Singh

DIRECTOR

Mr. Singh leads NexoFab's engineering and service verticals, with a strong focus on design, innovation, and customer satisfaction. His engineering-first approach shapes how the company plans and executes its road and building projects.

MR. HUKUM SINGH BHEEL
DIRECTOR

Mr. Hukum Singh Bheel

DIRECTOR

Mr. Bheel oversees operations and workforce management at NexoFab, making sure every construction, production and service commitment is delivered safely and on time.

OUR CORE EXPERTISE

VERTICAL 01

Road Construction

We build roads that connect towns and villages — new construction, widening and strengthening, together with drainage and road-safety works — supported by our own engineers and machinery.

VERTICAL 01

Government Buildings

We construct government schools, hospitals and other public buildings — civil, structural and finishing works built to government specifications and handed over on schedule.

VERTICAL 02

Packaged Water & PET Bottles

Fully automated PET bottle blowing and packaged drinking water lines (250 ml to 20 L), with batch-wise lab testing and private-label bottling.

VERTICAL 03

Machine Manufacturing

Photocopy machines, office equipment and custom industrial machinery — designed, prototyped, fabricated and assembled in-house.

VERTICAL 04

Repair & Maintenance

Repair, redesign and annual maintenance contracts for office and industrial machines, with genuine spares and on-site service.

WORK WE HAVE DELIVERED

Our infrastructure division has carried out road construction and built government buildings — including schools and hospitals. Each project is managed end-to-end by our own engineers and site teams, from site preparation and earthwork to structure, finishing and handover.

Road Construction

Roads that improve connectivity for towns and villages.

- New road construction
- Widening & strengthening
- Drainage & safety works

Government Schools

Safe, well-built school buildings for students.

- Classroom blocks
- Civil & structural works
- Finishing & handover

Government Hospitals

Healthcare buildings built for durability and hygiene.

- Hospital buildings
- Civil & structural works
- Finishing & handover

Completed Projects

S. No.	Name of Work	Value
1	Bituminous (Damar) Road Construction	**₹4 Crore**
2	Boring Motor Repair Work Across Indore City	**₹4 Crore**
3	Musakhedi Cemetery Boundary Wall Construction	**₹40 Lakh**
4	Community Hall Construction	**₹50 Lakh**
5	Garden Development — Garden 1	**₹60 Lakh**
6	Garden Development — Garden 2	**₹70 Lakh**
7	Garden Development — Garden 3	**₹80 Lakh**
	Total	**₹11 Crore**

EXECUTION METHODOLOGY

Every NexoFab project follows a disciplined, step-by-step process — from the first look at the tender to the day we hand over the finished work.

01

Tender Study & Planning

Detailed study of tender documents and drawings, site survey, quantity estimation and a clear construction schedule.

02

Mobilisation

Site office set-up, deployment of machinery, skilled manpower and approved materials as per the work programme.

03

Earthwork & Foundations

Site clearance, excavation, embankment and sub-grade preparation for roads; foundations and plinth for buildings.

04

Construction

Road layers from sub-base to bituminous or concrete surface; RCC frame, masonry and services for buildings.

05

Quality Control & Testing

Material and workmanship testing at every stage, with inspections by the client's engineers as per specifications.

06

Finishing & Handover

Finishing works, road markings and safety items, snag closure, documentation and timely handover to the client.

MANUFACTURING & SERVICES

Alongside infrastructure, NexoFab runs three manufacturing and service verticals — built on the same promise of quality.

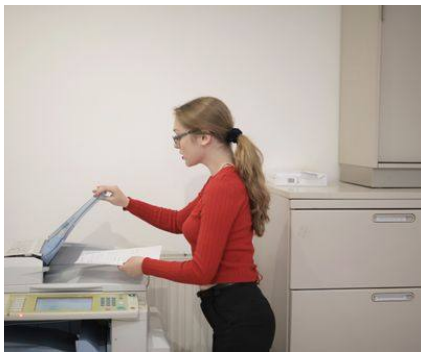

VERTICAL 02

Packaged Water & PET Bottles

Plastic water bottles and packaged drinking water made on fully automated lines, with every stage controlled in-house.

- PET bottles, 250 ml to 20 L
- Automated filling & capping
- Private-label bottling
- Purified drinking water
- Batch-wise lab testing
- Hygiene-first plant

VERTICAL 03

Machine Manufacturing

From photocopy machines to purpose-built industrial equipment — designed, prototyped, fabricated and assembled in-house.

- Photocopy machines
- Custom industrial machinery
- Precision fabrication
- Office equipment
- CAD design & prototyping
- Installation & training

VERTICAL 04

Repair & Maintenance

Repair, redesign and maintenance of machines of every kind — whether we built them or someone else did.

- Office & industrial repairs
- Annual Maintenance Contracts
- On-site service
- Redesign & upgrades
- Genuine spare parts
- Rapid turnaround

TURNOVER & GROWTH

₹40 Cr	₹250 Cr	6.25×
TURNOVER · FY 2025-26	PROPOSED · FY 2026-27	PROPOSED GROWTH

Annual Turnover (₹ crore)

FY 2025-26 actual; FY 2026-27 proposed.

In our first full financial year we built a strong base in road and government building construction. Our order book is growing, and our proposed turnover for FY 2026-27 is ₹250 crore, led by infrastructure.

WHY CHOOSE NEXOFAB

01
Proven Government Experience
Work for 11 central, state and municipal bodies — including NHAI, NTPC, PWD M.P., MPRDC and Nagar Nigam Indore.

02
Rapid, Sustained Growth
From ₹40 crore turnover in our first full year to a proposed ₹250 crore in FY 2026-27.

03
Diversified Capability
Construction, manufacturing and repair under one roof — one partner for many requirements.

04
Fully Compliant
Incorporated public limited company with GST, MSME (Udyam) and Shops & Establishment registrations.

05
Quality & On-Time Delivery
Work built to government specifications, tested at every stage and handed over on schedule.

06
Rooted in Madhya Pradesh
Headquartered in Indore, with a strong understanding of local sites, suppliers and authorities.

"We stand behind everything we build — from the first drawing to years of service after handover."

— Board of Directors, NexoFab Industries Limited

SAFETY, QUALITY & ENVIRONMENT

NexoFab is committed to protecting its people, the public and the environment, and to delivering work of consistent quality on every site.

Health & Safety

- Safety induction for every worker
- Personal protective equipment on all sites
- Barricading, signage & traffic management
- Regular site safety inspections

Quality

- Work to approved drawings & specifications
- Testing of materials & workmanship
- Stage-wise inspection & records
- Prompt correction of any defects

Environment

- Dust & noise control at sites
- Responsible disposal of construction waste
- Efficient use of water, fuel & materials
- Plantation & site restoration

People & Community

- Fair wages & welfare for workers
- Respect for local communities
- Minimal disruption to the public
- Training & skill development

VISION & COMPLIANCE

Our Vision

To be a trusted, diversified infrastructure and manufacturing house known for durable public works, purity in products, precision in machines, and reliability in service.

Our Mission

Deliver world-class construction, manufacturing and repair solutions that create value for customers, employees, and communities alike.

Quality First

Every process is licensed, certified and audited. We never hand over what we wouldn't use ourselves.

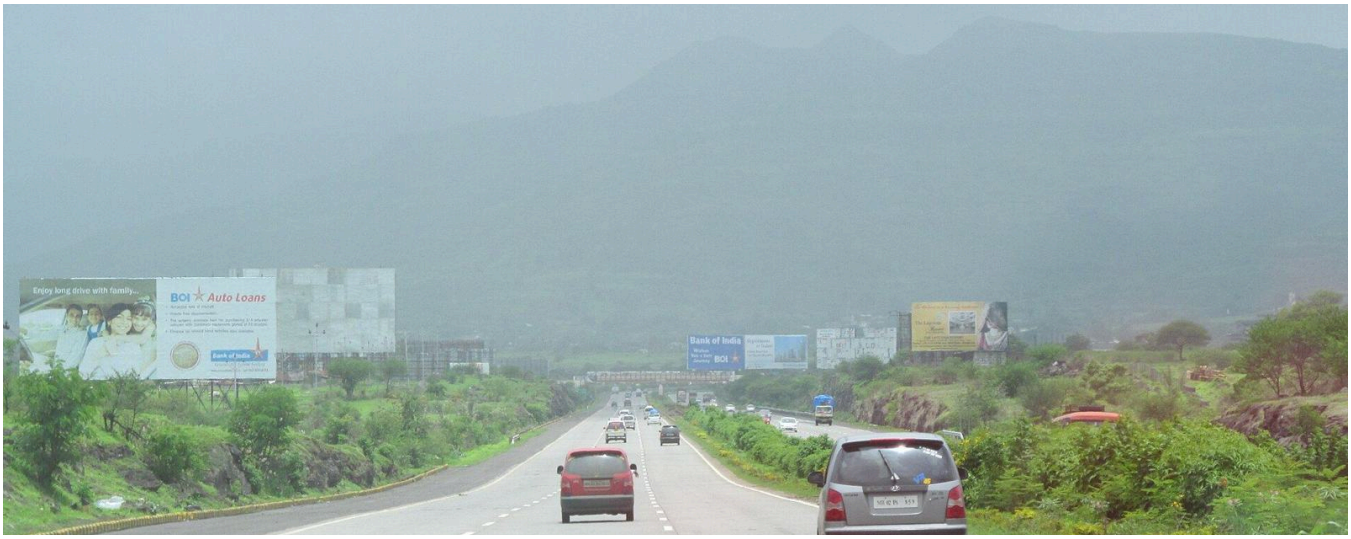

Integrity Always

Honest pricing, honest timelines and honest workmanship — relationships built to last decades, not deals.
